Environment Policy

Kanya Mahavidyalaya Kharkhoda

Various initiatives are taken by the college to make the campus eco-friendly. College acknowledges and takes responsibility for the environmental impact of its activities and is committed to mitigate the impact of its operations and behaviour on the natural environment. It works to increase awareness of environmental responsibility amongst its Students and Staff. It pledges to maintain all Buildings and Grounds in an environmentally conscious manner for the benefit of all present and future College members and visitors. IQAC formulates the Environmental Policy of the College which outlines the policies and practices to further improve the environmental performance. Policy encompasses the following:

Paper Waste Management Policy:

College, being an Academic Institution generates a lot of waste paper. The waste paper generated includes the Newspaper, Books and Magazines read extensively by the Staff and Students, waste paper, form of answer sheets, records and stationery generated by Academic units/ departments, Laboratories and Admin Office. Hence it becomes imperative to minimize the impact of paper use by improving the environmental characteristics of purchased paper and by lowering total paper use. Following measures are taken under the policy:

1. To bring down the consumption of paper by putting more information on the Web, making printing on both sides of the paper by the default setting for College printers, and encouraging printing on scrap paper.
2. To reduce Wastage of paper Reuse and recycling of paper
3. To use lighter-weight and recycled paper where ever possible.
4. Request Faculty Members not to accept assignments written on one side only.
5. Print carefully on both sides by using default settings.
6. Harness information and Communication technology to cut energy costs by displaying and sending Information, Notices and any other communication electronically and to reduce carbon footprint.

E- Waste Management Policy:

E-waste such as Batteries, Chargers, Computer Desktops etc and other hazardous materials have a high risk of polluting air, contaminating soil and leaching into water sources if not disposed off in a proper manner.

Dated

1. Paper, plastic and electronic wastes are to be collected and separated into eco-friendly ways in their respective lifestyles.
2. Segregation of different types of wastes: biodegradable and non-biodegradable.
3. The segregated waste is then disposed of as per Government guidelines.

Environmental consciousness Awareness Policy:

The college contributes towards environmental awareness amongst students and staff members through its multifarious activities with a view to develop environmental consciousness.

1. Tree plantation drive by all the students under NSS.
2. Adoption of one plant by each student under the guidance of Eco Club.
3. Poster and slogan writing competitions under Environmental awareness themes.
4. Declaration of Polythene Free zone in the college and active participation in Drives for Banning of polythene by Government.

Energy/Power Saving Policy

1. Students and staff have been instructed to switch off the lights and fans when the classroom is not in use.
2. All high wattage bulbs of the college have been replaced by CFLs and LED lights to reduce power.
3. Majority of the equipments used are energy efficient with high star value.
4. Solar Panels and lights are in use to make use of renewable energy.

PLEDGE

I take pledge that -

मैं शपथ लेती हूँ कि -

I will work for plantation and greenery of my campus.

मैं पौधारोपण तथा परिसर एवं परिवेश की हरियाली के लिए कार्य करूंगी।

I will plant maximum trees and will take care of them.

मैं अधिक से अधिक पेड़ लगाऊंगी तथा उनकी देखरेख करूंगी।

I will work for conservation of water and will not waste water.

मैं जल संरक्षण के लिए कार्य करूंगी तथा पानी का अपव्यय नहीं करूंगी।

I will work for stopping the use of polythene and plastic products.

मैं पॉलिथीन तथा प्लास्टिक उत्पादों का इस्तेमाल नहीं करूंगी।

I will abide by three R's of environment conservation i.e Reduce, Reuse and Recycle.

मैं स्वच्छता के प्रति प्रतिबद्धता दिखाते हुए वातावरण संरक्षण के तीन नियमों :-

न्यूनतम अपशिष्ट, पुनः उपयोग एवं पुनर्चक्रण का पालन करूंगी।
